## FEATHERLITE™ REACHERS

- Our most popular reacher FeatherLite™ Reachers require only 7 oz. (176g) of pressure to close the jaws. The ergonomically designed handle allows items to be grasped with a firm, non-slip grip. Pull clothing or blankets with the convenient lug, and lift small metal objects with the magnet. The claw teeth are interlocking with soft, molded tip grooves. Holds lightweight objects measuring up to 2-3/4" wide (7.0cm). Available in two lengths: Regular and Long.

## ULTRA-LIGHTWEIGHT REACHERS

- Pick up small items securely with minimal finger motion. The suction cups on these reachers secure a strong hold on objects. Features a lightweight shaft and an easy-to-close hand grip. Fits comfortably in the palm of the hand and requires minimal strength the squeeze the handle. The jaws open to 4-1/2" (11cm) wide for one of the largest grasps of any reacher on the market. Pick-up capacity about 1 pound – great for small objects that fall on the floor. Available in 2 models, Regular and Short. The Regular is our most popular model, measuring 32" (81cm) long and weighs only 5 oz (142g). The Short model is ideal for small children, measuring 23" (58cm) long and weighs only 4 oz (119g)

## EZ REACHER®

Locking EZ Reacher®

- Durable reacher design stands up to everyday use. The EZ Reacher® relieves the strain of bending, stretching or stooping to pick up items beyond reach. Lightweight aluminum jaws with flexible, non-slip gripping cups conform easily to the shape of any item. Jaws open to 3 1/2" (8.9cm) wide. Made of lightweight rustproof aluminum with an easy-to-squeeze trigger. Handle color may vary. Lifetime warranty. Available in three models: Short, Standard, and Long. The Locking EZ Reacher® has all the features listed above, but maintains a hold on items without constant trigger pressure. Pull down the lever to keep the jaws locked. Release the lock by fully retracting the trigger and lifting the lever up

## NORCO™ LEG LIFTER

- Assists patients who have had total hip replacement surgery and have limited mobility to raise or lower their legs. Helpful for hip arthritis or hip replacement patients who have weak hip flexors. Steel rod retains its shape while lifting heavy legs or casts. Covered with 1" (2.5cm) wide, soft polypropylene webbing. The 9-1/4" (24cm) loop foothold bends easily to accommodate any foot or cast. Rod measures 31" (79cm) long. Total length including hand strap measures 40" (102cm)

## BEDCADDIE™

- Offers added help to reach a sitting position. The BedCaddie™ features durable sewn seams and quality nylon strap construction with a contoured buckle for easy and secure attachment to the bed frame. Length of the attachment strap can be adjusted up to 45" (114cm) to fit various mattress sizes. Two cushioned grip handles offer a comfortable hold. The top handle measures 5" (13cm) wide and the gripping length measures 36" (91cm). Supports up to 300 lbs. (136kg).

## MOBILITY BED RAIL

- Pivots outward to provide improved walking stability. Made of steel frame with durable powder coat finish, features ergonomic cushion handle for added comfort while transferring out of bed. Horizontal metal support structure measures 20" (51cm) deep and slides between mattresses accommodating any home or hospital bed. Arm swings outward 19" (48cm) away from bed to provide support for standing and walking. Extendable legs provide added stability when standing up. 4-pocket organizer provides storage space for handy items. Anti-slip grip secures rail in-between mattress and bed frame. Height adjusts from floor to top of handle 31" to 44" (79 to 112cm) and mattress base to top of handle 17-1/2" to 22-1/2" (44 to 57cm). 300 lb. (136kg) weight capacity. No tools required.

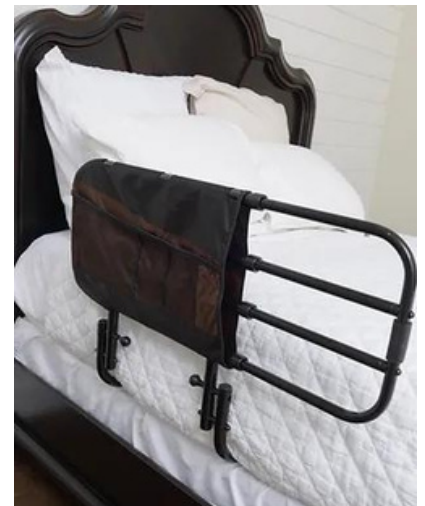

## BED RAIL ADVANTAGE

- Provides assistance in reaching a seated position in bed. The Bed Rail Advantage requires no assembly and is ready to be placed on any bed. Features heavy duty steel construction with a powder coat finish for long-lasting quality. The 17" (43cm) wide foam grip handle folds down for storage and portability. Handle features a closed-cell foam cushion grip for added comfort. Diameter measures 1-1/2" (4cm) and 22" (56cm) high from bottom of box spring. A safety strap secures the base to the mattress. Fits on either side of bed. Includes a four-pocket mesh organizer to keep small items close at hand. Weight capacity is 400 lbs (181kg).

## EZ ADJUST BED RAIL

- The only bed rail that extends in length after installation! Length adjustable rail allows for use as both a bed rail to prevent falling out of bed and as a hand rail to assist in getting out of bed. Folds down for clearance and allows space for changing linens. Can be used on either side of the bed. Dual-safety strap secures the bed rail to the bed frame. Handy organizer pouch included. Adjusts easily to three settings: 26", 34" and 42" (66, 86 and 107cm). Rail measures 23" (58cm) high from the base of mattress. Easy assembly using included hex wrench. Supports up to 300 lbs. (136kg).

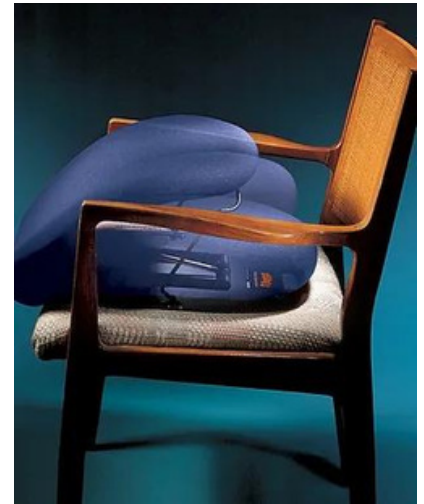

## METRO CAR HANDLE PLUS

- Support handle provides maximum leverage to help stand safely from any car. The Metro Car Handle Plus makes it easy to get in-and-out of the car. Simply slide the handle into the striker/door-latch for extra support while sitting or standing. Unit fits any door striker so one can have support anywhere in the car for stress-free traveling. Handle features a non-slip grip for a secure hold while standing from the car and includes a flashlight for greater visibility at night. Weight capacity is 500 lbs. (227kg.)

## UPLIFT™ SEAT ASSIST

- Lifts 75% to 80% of a person's weight without electricity, batteries or switches. Gentle action hydraulic lift raises and lowers those who need assistance. Seat measures 17" x 19" (43 x 48cm), and weighs 8 lbs. (3.6kg). The Standard Model supports persons weighing from 80 lbs. to 240 lbs. (36 to 109kg). The Deluxe Model supports up to 350 lbs. (159kg). Both models have six weight adjustments and raise seat height by 2" (5.1cm). Navy blue upholstery. Not compatible with wheelchairs.

## COLORED FOAM TUBING

- Ideal for visually impaired and pediatric use. Use this closed-cell, slip-resistant Colored Foam Tubing to build up cutlery and other hard-to-grasp handles. Available in three different hole sizes: 1/4", 3/8" and 13/16" (6.4, 9.5 and 20mm). Standard Color Assortment contains two of each Tan, Red and Blue tubing. Bright Color Assortment contains two of each Yellow, Orange and Bright Blue tubing. All tubing is sold in a package of six 12" (30cm) long tubes. Not made with natural rubber latex. Household dishwasher safe.

## ADJUSTABLE GRIPPING TOOL

- Easy-to-use gripping tool adjusts to 13 widths. This lightweight Adjustable Gripping Tool helps ease tasks such as opening containers and grasping hard-to-hold objects like small knobs. Made of durable plastic with texturized rubber jaws. Ideal for persons with arthritis, a weak grip, or limited motor coordination. Concentrates the entire strength of the hand in its slip-resistant jaws. Adjusts to 13 different widths and fits items up to 3-1/4" (8.2cm) wide. Measures 6" (15cm) long.

## DYCEM® NON-SLIP JAR & BOTTLE OPENERS

- Non-slip Dycem® provides a soft, sure grip on jars and lids. The Jar Opener opens lids up to 4" (10cm) in diameter. The Small Bottle Opener opens medicine bottles and other items with small tops. Wash with soapy water to retain tackiness.

## UNIVERSAL TURNING HANDLE

- Assists in turning knobs for those with weak hand strength. Specially designed to make tasks easier, such as turning on taps, opening/locking doors, turning stove knobs, dishwasher or washing machine dials. Designed with an ergonomic handle that allows the user to grip with both hands if leverage is needed on hard-to-turn knobs. The hexagonal pegs provide a good grip due to the large gripping area. Handle is made of ABS plastic and pegs are made of Polyamide plastic. Weighs 3 oz. (86g).

## DYCEM® NON-SLIP ROLLS

- Non-slip material keeps objects from sliding or rolling.

## DYCEM® NON-SLIP PRECUT ROUNDS

- Precut pads keep objects from sliding or rolling

## DYCEM® NON-SLIP PRECUT RECTANGLES

- Precut pads keep objects from sliding or rolling.

## DYCEM® NON-SLIP SELF-ADHESIVE

- Create a customized, non-slip grip on walkers and household objects.

## POSEY® GRIP

- Economical, slip-resistant matting in convenient rolls.
